In 1984, we published *The Bedford Bibliography for Teachers of Writing*, the first resource of its kind in the field of rhetoric and composition. Today everything we make is still built to meet the needs of a growing field and changing classroom. We are proud to work with accomplished teachers and scholars who bring their ideas to the classroom in innovative and engaging ways. Join us as we celebrate the work that teachers and students do.

Professional Resources

Because teaching is central to composition, Bedford/St. Martin’s supports the work that teachers do with something for everyone — from the first-time teaching assistant to the program director.

Writer’s Help 2.0

Students get help. Instructors see progress.

We asked 1,600 students how they search for help with writing problems: We built our smart search with their responses in mind. Writer’s Help 2.0 gives reliable results even when students aren’t familiar with composition terms and instead use terms like *flow*, *point*, or *getting unstuck*. With comprehensive content from authors you trust, Writer’s Help 2.0 is an online writing resource that answers writers’ questions and lets instructors track student achievement.
